## COOPS AND PENS FOR MANY HENS

ACCOMMODATIONS FOR BIRDS  
PUSHED RAPIDLY FORWARD

Entries Far Beyond Expectations of Directors of Poultry Show and Extra Efforts Being Made to Prepare For Exhibits—200 Birds Coming From Walla Walla.

### ANOTHER VALUABLE PRIZE OFFERED

A. W. Robinson of the Oregon Lumber yard, announced today that he would offer 1000 shingles for the best Barred Plymouth rock rooster exhibited at the poultry show.

**Pendleton Men Win.**  
Two Pendleton exhibitors carried off prizes at the Walla Walla poultry show in that city yesterday. Lester Boyd won first and third on S. C. Black Minorca pullet and second hen and third on cockerel.

N. A. Humphrey won second and third on Buff Orpington hen and third on Red Cap cock.

With the force of carpenters doubled and being worked overtime, the work of preparing coops for the exhibition of the increased number of birds which are coming to Pendleton next week for one of the best poultry shows ever held in the northwest, is being rushed as rapidly as possible. The members of the executive committee who went to Walla Walla yesterday report that fully 200 of the best birds on exhibit there will be brought to Pendleton. One man is bringing 30 birds, while 100 will be entrusted to the care of Secretary Dickinson of the Walla Walla association.

Entries and requests for entry blanks are being received by Secretary Averill at the East Oregonian office nearly every hour of the day. According to reports being received from the other towns in the county there will be several hundred people in Pendleton next week to visit the show and purchase stock and eggs. The management is now wondering if there will be room in the big building to handle the crowds which will gather.

There is no longer any doubt of the success of the cat and dog department of the show. There are plenty of entries already made to assure this and more are coming. That the interest in these features is not confined to local inhabitants is indicated by the fact that Matt Mosgrove, the Milton merchant, assured the secretary yesterday that he would send down three and possibly four prize-

winning dogs. E. Brayford of Hood River will also probably send up a pair of his Alredale terriers.

The musical programs are now being arranged by Director Carruth. The organization of a 40 piece band in this city could not have aroused more interest than has the formation of this large orchestra and judging by the success of the rehearsals there will be no expressions of disappointment heard from those who are looking forward to this feature of the coming show.

## "DUTCH JAKE" STILL REMAINS INSENSIBLE

SUPPOSED VICTIM OF  
POISON IS CRITICALLY ILL

Case Proves Mystery to Local Physicians—Man Hovers Between Life and Death—Has Not Regained Senses as Yet.

Though the victim has never had a moment of consciousness since he fell into the arms of a friend about 9 o'clock Wednesday evening, City Physician McPaul entertains some hope for the ultimate recovery of Mike Haver, known to most of the residents of the city as "Dutch Jake." He was removed today from his room in the Penland Lodging house to the hospital where he can be given better attention.

It was at first thought that death would ensue regardless of what was done for him and for that reason he was not taken to the hospital sooner. When the man showed some indications this morning, of being able to soon regain consciousness, the attending physician had him removed to the hospital.

Dr. McPaul and every other physician in the city is completely baffled by this case. They are unable to fully satisfy themselves as to the cause of the attack or as to the probable outcome, though most of them entertain the theory that a dose of wood alcohol is responsible. Whether it was taken intentionally or unintentionally may never be known.

### BEER TRUST MUST ANSWER CHARGES MADE

Washington, Jan. 21.—It was announced today that the department of justice proceedings will soon be instituted against the "beer trust" at Chicago. The department has been investigating the complaints against the "trust" on the ground that it has been operating in restraint of trade. Suit will be brought under the Sherman anti-trust law.

**Price of Sirloin Advances.**  
Cleveland, O., Jan. 21.—In spite of the growth of the anti-meat societies the price of sirloin steak was advanced two cents today. The actual boycott here will begin Monday.

**TELLS NEGROES LYING  
IS SOMETIMES JUST**

New Orleans, Jan. 21.—"There are times when we cannot blame mobs for lynching negroes, and there are certain occasions when such procedures may seem justified," was the radical statement made today by Bishop E. Hampton, before the African Methodist conference. Hampton declared the only logical means of avoiding recurring mob violence was for the colored men to afford the whites no excuse. This, he stated can be done only through the social segregation of the races.

**RUSSIA AND JAPAN ARE

## EILERS' PIANO HOUSE TO QUIT BUSINESS

Word has just been received that Eilers Piano House will close their store in this city. Hereafter, this great concern will confine their efforts to wholesaling in this locality. Owing to the fact that the immense new six story warehouse which Eilers Piano House has been erecting in Portland has been delayed by the serious weather and the tying up of the heating plant by the eastern railroad strikes, makes it necessary for all the pianos now in Pendleton to be disposed of here. It is safe to assume that the Eilers people will offer very attractive inducements in the way of prices and terms, in order to dispose of their big stock in this city in the shortest possible time. The decision to retire from the local field was reluctantly reached by the Eilers people who have maintained an up-to-date retail piano store here for the last five years. However, the scope of their work has increased so tremendously that in order to do this growing locality justice, it was decided to do business here in the future on the basis outlined above.

## N. Y. SUFFRAGISTS WILL DON THEIR WARPAINT

New York—New York suffragists will don their war paint and go up to Albany next week, where they will engage in an aggressive warfare on the legislators demanding their rights. Mrs. A. H. P. Belmont has engaged headquarters at a leading hotel of the city and, with Mrs. Clarence Mackay, will be in the thick of the fray from now on. The anti-suffragists have also appointed a lobby, who will beseech the Albany voters not to permit them to vote, or allow other women to exercise the right of suffrage. A constitutional amendment must be passed by the voters of the state before the ballot can be extended to women, and before this can be done the question must be discussed in the legislative halls. The committee in charge wants to tell why this question should be submitted to the voters. Meantime Mrs. Nelson H. Henry, wife of the adjutant-general, and head of the New York State association opposed to woman suffrage, is seeking to block legislation.

**Tactless Husband.**  
M. Pruger, the former manager of the fashionable and gay Savoy Hotel in London, has come, at a salary of \$20,000, to conduct a restaurant in New York.

Discussing success with a reporter, M. Pruger said:

"Success, leaving aside thorough practical ability which we may take for granted—success depends on tact, on sympathy.

"I'll illustrate this with an episode. 'A Manchester man took his wife to the Palace Music Hall. The Palace girls came on and did their notable 'danse aux jambes dans l'air,' or 'dance of the uplifted limbs,' as one might say in English.

"The Manchester woman, regarding this dance, sniffed.

"Well, that beats me," she said. "Without either sympathy or tact her husband chuckled:

"You bet it does!"—St. Louis Globe-Democrat.

**No Meat for Washingtonians.**

**Boycott Strikes Boston.**  
Boston, Jan. 21.—The meat boycott reached this city today and leading labor men have called a mass meeting to be held in Faneuil hall.

Recent disclosures in the New York customs house may explain why so many immigrants have been unable to get through with enough money to satisfy the requirements of immigration laws.

## SINGERS OF NOTE APPEAR IN "SUNNY SOUTH MINSTRELS"

The chorus of the "Sunny South Minstrels" will be a well drilled combination of sweet voiced, full lunged, extra select melody chanter, but with all their blended harmony, they will be but secondary in importance in the big home talent production which is scheduled to appear before a local audience at the Oregon theater Saturday, January 28. It is the solo numbers, which will be the strongest feature of the entertainment, and when the names of the individual artists are paraded in silent review before a critical public, no further guarantee of an evening of profit and pleasure is necessary. They represent the best of talent in the city as well as importations from neighboring cities and towns whose reputation obviate the necessity of introductions. Among this array of notable are Mrs. Bithene Virginia Crayne Claxon of Walla Walla; Mrs.

J. Ross Dickson, Mrs. W. A. Slusher, Miss Edna Gates, Miss Edna Zimmerman and Dr. Elmer Hill of this city, and Prof. Jack Kiefe of Weston. In addition to selections from these, there will of course be the usual outbursts from the ebony end men, eight in number, and many quartet and double quartet numbers. This is assurance enough that the musical feature of the performance will be of an unusually high order.

The cast will meet at the opera house tomorrow evening in the first full rehearsal.

It speaks pretty well for the good taste in dress of the men of this town to see so many of them buying Hart Schaffner & Marx clothes of the Peoples Warehouse, where it pays to trade.
